"The people are way ahead of Washington. We do not want to be lulled. We are awake and angry, and intend to remain so . . . We want the truth, bitter though it may be—so let this administration put all its cards on the table face up. No more secrecy, no more muzzling of the military, no more half truths."

It Is Not God But Political Life of Man That Is Dead

GOD IS REALITY

Kingdoms of This World at End of Road – Man's Confrontation with Divine Justice Inescapable

Going Before the Throne of God

By FRED FARREL

It used to be said, jokingly, that God protects fools, drunkards, and the United States. We certainly hope that God will protect the United States. When we contemplate the sorry pack of fools and scoundrels who conduct our National affairs today, it seems painfully obvious to us that nobody else is going to look after the interests of the American people. When we contemplate the universal prevalence of wickedness, we wonder if even God will protect the people any more. This of course is a matter for the Deity to decide; it is not a decision we can make. We sympathize with the people as they go before God for judgment just as, back during our school days, we sympathized with a boy who had to go to the Principal's office for a licking. We knew that his bottom was going to feel some terrific pain; we had felt it ourselves and knew what it was like. We sympathized, but we had no power to interfere with the process.

Today the world has plenty of self-appointed saviours. There is talk of "saving the country" or "saving the world" or "preventing war." Frankly, we have run out of formulae for saving the world. At this late time of the clock, it seems to us that the world is in for a licking. We sympathize, but we are powerless to interfere with the processes of Divine Justice. We live in a time when men, even apparently most churchmen, do not believe in God. We are of the opinion that they are now about to learn, violently, about the Reality and All-Power of God. God is not merely an "Old man in the sky" of ancient myth; God is not merely an Old Man whom Moses met on a mountaintop. GOD IS REALITY, AND REALITY IS GOD. Reality is now about to invade the cosy rabbit-warrens of modern pseudo-controversy in a violent and disastrous way.

Many people are greatly concerned about Communism. Some warn that we "face a thousand years of Communist Slavery." We do not believe any such thing. There is nothing about the ideas of a stupid fool named Karl Marx which could create any such historical staying power. Communism, to be sure, is with us at the present time; after the Judgment of God which appears likely to take place in the near future, it will no longer be with us.

Since it is still with us at the present moment, let us take a quick look at it. There are really two kinds of Communists abroad in the world today. These might be called, roughly, "The New York Communists" and "The Moscow Communists." Of these two breeds of reds, the New York Communists are by all odds the worst. They are the old original Communists, the ones who financed and created the Russian and Chinese revo-

God be with you and bless you at Christmastime and throughout the New Year . . .

CHRISTMAS STORY—1969

"And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed . . . And all went to be taxed, every one into his own city."

Thus, begins the Christmas Story, according to St. Luke.

The whole world was in bondage. All of the world was to be taxed to fill the treasury of a despot. He did not send his centurions to collect the taxes. He arrogantly ordered the taxpayer to go into his own city and pay.

It is true that there were no disorders in the world. There was unrest, to be sure. But no disorders. For Caesar Augustus had perfected the police state. Dissidents were executed, or impressed as slave laborers. Those who gave up their freedoms without protest received largess from the public treasury. Caesar Augustus had also legalized plunder. He took from persons what belonged to them and gave it to others to whom it did not belong. And he kept the biggest share for himself.

Then it was that the angel of the Lord appeared and said unto them: "Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour which is Christ the Lord."

American Jewish Revolution

The United States today is a country under enemy occupation. The occupiers are the Jews. The Jews are able to thwart the will of the American majority at every turn. The occupation of the United States is not a military occupation. In spite of the explosion of Jewish military hubris following the June War of 1967, the Jews do not amount to anything as a military people. There are not enough of them. The occupation of the United States is an intellectual occupation. The white majority does not wish to have its children attend integrated schools; they attend such schools anyway. Our bookshops are full of the works of trashy Jewish novelists, or else half-literate Negro writers who boast of the number of white women they have raped. The public does not like having city streets turned into battlefields by the criminal element; but the Jew-dominated society pampers the criminal element.

What is the Jewish aim in America?

The aim is pure revolutionary destruction. The revolutionist Leon Trotsky expressed modern Jewish aims almost perfectly. Trotsky wanted to "Smoke it up fast." He wanted to see cities burning. Today the New Left, financed by American Jews, has achieved Trotsky's aim. We have seen Detroit, Newark, and Watts burning. "Burn, Baby, Burn!" White Gentile leaders try to placate the Negroes by concessions. This is a waste of time and effort; they are not dealing only with Negroes; they are dealing with Jews. The Jew says, "Nothing you Gentiles ever do will satisfy us. We will always be destroyers because we need a world of our own."

A WORLD OF OUR OWN! Think about that. It means a world without YOU. It means a world in which wolves prowl through the streets of ruined Gentile cities. If the Jews had had their way, we would have had such a thing long ago, in the 1920's or the 1930's. The Jewish "Idealist" comes with his sweet-sounding siren song. He talks of "Freedom of Speech" and of "Social Welfare." These things are merely the mask of the pure destroyer. In the 1920's Leon Trotsky howled about a Marxist Utopia. His real dream was to see the cities of Christian Europe in flames. After he was driven out of Russia, he planned to go to Germany to spread his poison, but elements of the Reichswehr told him he had better not try it. Trotsky himself was finally killed; and a better job of good riddance was never done for Trotsky was an utter monster. Today the tradition of Trotsky is carried on by the New Left. Their only real motto is, "Burn, Baby, Burn!" They are out to destroy society, to have the wolves prowl through our ruined cities.

Why was a New Left started?
